

Children of Prisoners Europe & Bryggan Riksorganisation warmly invite you to attend their joint conference:

## Supporting children with imprisoned parents and their families: Rights, Opportunities and Responsibilities

Friday 22nd May 2015

Operaterassen, Stockholm

- Her Excellency, Ms. Coleiro Preca, President of Malta -
- The Office of the Ombudsman for Children, Sweden -
- Roundtable panel discussion featuring local authorities -
- International panorama presentations -

In the year in which the UNCRC is due to become national law in Sweden, this international event will focus on the rights and needs of children affected by parental imprisonment. The conference will allow non profit organisations, child rights professionals and local authorities (social services, schools, police departments, correctional systems) to discuss, exchange and reflect through a series of talks focusing on supporting children with imprisoned parents. The conference calls for responsibility to be taken for these children by the various decisionmakers and policy-makers involved. In order to bring about change, these children need to be met where they are; in their schools, in their homes and in their communities.
